Contractor

*Iraq and Afghanistan

Date: 2013

Sector: Government and Military

Region: Central Asia: Afghanistan

Expertise Used: Heavy Lift Cargo
Out of Gauge Cargo
Heavy Duty Lowbeds

Challenge: Domestic market did not have the equipment necessary to do point-to-point trucking of heavy goods in Afghanistan.

Solution: Purchased super heavy duty lowbeds with 100 tonne capacity to handle super heavy loads in Afghanistan.

Move One undertook the transport of a RTCH (Rough Terrain Container Handler) from Kandahar Airfield to Camp Bastion. These pieces of military equipment weigh 48 tonnes and required the use of Move One's own super heavy duty lowbed trailers. The transport was successfully completed with an secured convoy.
