

WATER RIG TRANSPORT AFRICA

when it's not a **box**
moving the **impossible** since 1992

CASE STUDY

Authorised
Service
Contractor

*Iraq and Afghanistan

Date: 2012-Present
Sector: Infrastructure and Construction
Region: Africa: Djibouti to Ethiopia
Expertise Used: Heavy Lift Cargo
Heavy Duty Lowbeds
Lashing
Challenge: Poor infrastructure
Poor telecommunications
Solution: Contingency planning for all possible variables
Implementation of SAT phones and GPS units
Constant communication with clients; providing detailed movement plans

In order to support infrastructure developments in Africa, Move One delivered two water rigs from Djibouti port into Ethiopia. Each rig was dismantled into 53 pieces, weighing a total of 550 tons, and was transported using a convoy of 40 trucks. The drill will be used for testing to determine the location of wells for safe drinking water.
